Robusta Drop Arm Awning

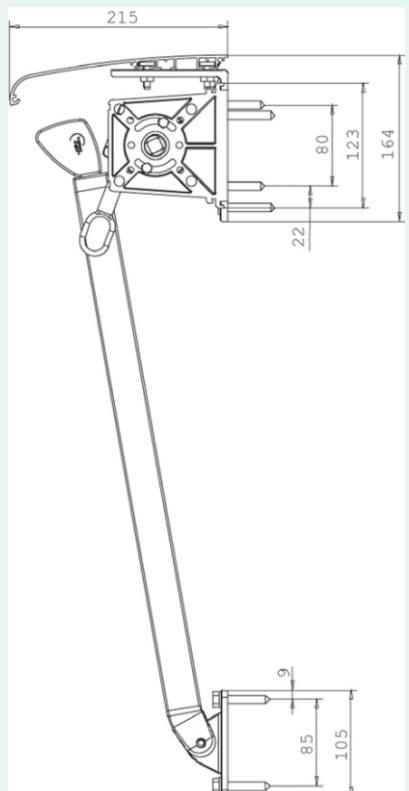

Thanks to the heavy-duty drop arms and roller tube, Robusta is a sturdy window awning especially suitable for large windows. A stylish aluminium hood protects the fabric and roller tube from the elements.

External crank handle operation or motorised with remote control.

Projection: 0.6, 0.7, 0.8, 0.9, 1.0, 1.2, 1.4m.

Maximum width: 5.4 m per unit.

Available with aluminium hood or Colorbond hood option.

INSTALLATION

The awning can easily be installed directly on to the window architrave or the wall.

DROP ARMS

Heavy-duty drop arms with adjustable springs provide excellent fabric tension.

Components

The selection of anti-corrosion and highly durable materials allows us to offer you a comprehensive warranty. No maintenance required.

FABRIC

Choose from a wide collection ranging from solid colour to block stripes and designed patterns. Select fabric, finish and trimmings for the removable valance. Available in straight or scalloped finish.
